

Workshop Held at Schools For 3 Day Period

West Texas State College and the Canyon Public School chalked up another "first" in educational pioneering in Texas this week when they held the first Work Conference on Student Teaching to be held in the state.

Sunday afternoon representatives from ten schools of the area met at W. T. in preparation for the new teacher-training program. Schools represented were Amarillo, Borger, Pampa, Plainview, Dumas, Hereford, Tulia, Phillips, Wellington, and Canyon.

Key figure at the conference was Dr. Howard T. Batchelder, of the University of Indiana, noted authority on the training of student teachers.

Dr. Batchelder is one of thirty national leaders in Teacher-Education chosen to conduct ten Work Conferences throughout the nation in 1950.

Dr. Batchelder is consultant and editor of films in Teacher Education for the McGraw-Hill Education Publications, and has written many articles in this field.

As Director of Student Teaching at the University of Indiana, he is now engaged in a program that affects over five hundred students and reaches over one hundred schools.

Canyon has an added interest in Howard Batchelder, since he is a graduate of West Texas State, having taken his first degree here, and since he married a Canyon girl, Mary Lockwood Sternberg.

The Batchelders have two sons, Bill and Bob, aged six and seven, who, with their parents, are visiting Mrs. Sternberg, Mrs. Batchelder's mother, while in Canyon this week.

Emmitt Smith, Director of Student Teaching at West Texas State, and host-chairman of the meeting, set the democratic tone of the conference by throwing out this challenge at the opening session:

"There is nothing sacred about what we have done in the new plan set up in Canyon, so please feel free to say exactly what you think of it, and what improvements you think could be made. We want your suggestions, your ideas." With this cue and with every individual drawn into some committee or group responsibility, every teacher became interested and took an active part in the work accomplished. So effective was the cooperative response that Dr. H. T. Batchelder, leader of the conference, stated that it was one of the best that he had attended.

The general theme of the conference was the integration of the Student Teacher's knowledge and experience.

Sectional chairmen who conducted the Study Groups were J. E. Miller, Alma Perkins, Ocoee Holt, Tom Devin, Irene Ball, and Irene Beard.

Recorders of the sectional meetings were Wayland Carroll, Nora Gilmore, Audrey Sanders, Mary Iversen, and Sara Thompson.

Chairmen of the Service Committees were Alice Payne and Claudia Neelley, Resources and Materials; Rex Reeves, Evaluation; Lela Miller and Mary Black, Social; Tommie Montfort and Ada Clark, New Steps.

Fifth Week That Attendance Has Exceeded 4,000

Attendance at the Palo Duro State Park again went over the 4,000 mark for the past week, making this as the fifth week in succession to establish such a record.

The Will Rogers Range Riders will reach the Park Friday to remain through Sunday. This attraction will again make a record week of attendance.

The Treasure Hunt ended officially on Labor Day, with many of the 1951 coins being turned in for prizes.

Canyon Boy Is A. & M. Staff Sgt.

A Canyon youth is among the students at Texas A. & M. College that are advancing in rank. A bulletin received from College Station announcing Cadet appointments and assignments in cadet corps; Headquarters Second Battalion, Infantry Regiment, Texas A. & M. College, for school year 1951-52, lists Staff Sergeant Ted E. Perkins of Canyon.

Mr. and Mrs. Felix Pierce returned home Sunday night after having visited their daughter and son-in-law, Mr. and Mrs. Al Vigne in Norfolk, Virginia, and also Mr. and Mrs. Bob Teague and daughters in Washington, D. C.

Mr. and Mrs. Don Wright of Memphis visited in the D. M. Foster home over the week-end. Mrs. Wright and Mrs. Foster are sisters.

Lt. Shannon Black visited with his aunt, Miss Pearl Black, and other relatives.

Wear Stevens Mums for football games. Stevens Floral.

CROP Meeting Seeking Grain Starving Folks

CROP, the Christian Rural Overseas Program for the victims of war, famine and other causes of human suffering, now has an organization in Randall County. An organization was held in the Randall County Commissioners' Court Room at the Court House, Thursday evening.

County Agent John Brazzil called the meeting to order. There followed a few moments of silent prayer and then the meeting was turned over to Rev. W. E. Fisher, who explained the purpose of the program. Following the explanation of the program, officers were elected. J. O. Parker was elected chairman. Rev. J. Arnold Carlson and Rev. Win Matsler were selected as vice chairmen. Thomas L. Devin was selected as chairman of information; Milton Morris was made chairman of canvassers; and John Taylor was appointed chairman of commodities.

A. B. Haynes, Jr. was elected to fill the position of secretary and L. W. Cole has the responsibilities connected with the position of treasurer. Mrs. Earl Burtz and Earl Wesley were selected as members-at-large of the executive committee. A move, by Rev. H. Thurston, to authorize the executive committee power to fill any vacancies carried. E. M. Myers then moved that the quota of this organization be at least one car load of milk. This motion also carried and the first 100 bushels was promised on the spot.

Those present at the meeting were: Rev. Winston Wilbanks, John Brazzil, E. M. Myers, Thomas L. Devin, R. B. Gist, Rev. H. L. Thurston, Rev. J. Arnold Carlson, A. B. Haynes, Mrs. Earl Burtz and Miss Lou Ella Patterson. The executive committee plans a meeting Thursday, September 6. The date for C R O P Sunday was also referred to the executive committee.

Cecil Massey To Speak in Boston Recreation Work

The amazing talents of Canyon's Director of Community Recreation, Cecil Massey, are winning recognition throughout the nation. Recently Cecil received an invitation to visit Boston Massachusetts, October 2, and speak before the National Recreation Association Congress Committee. The topic to be discussed at this 23rd annual Congress Committee is, Positive Values of Community Drama Programs.

Mr. Massey is well qualified to speak on such a subject. At Baylor University, where he received his B. B. A. and also his M. A., Massey lettered three years at the position of tackle on the Baylor Bears Football squad. After completing his education he received a fellowship from the National Theater Conference which he used to organize a recreation program for a rural community in Parker county. This recreational program was called Tin Top. While making a study of the recreational problems of Texas he was field specialist for the Rockefeller Foundation Education Division.

In Boston Cecil Massey will speak on the importance of drama in rural communities. Tin Top was not the end of his work with youth recreation. Since coming to Canyon Mr. Massey has been active as director of the Canyon Community Recreation Program. Drawing from this huge reservoir of experience in the field of recreation, Mr. Massey is sure to deliver an interesting message October 2, before the Congress Committee of National Recreation in Boston.

Randall County Dairymen Plan Annual Picnic

The Randall County Dairymen will have their annual picnic Sunday, September 9, on the Sam Hill farm, south of town. A basket lunch will be served at 1:00 o'clock. Entertainment of pitching horseshoes, ball game, etc., will be provided during the afternoon.

Miss Elouise Seals returned home last Thursday after visiting her parents, Mr. and Mrs. Jim Seals of Paris, Texas. She also visited other relatives and friends while there.

Mr. and Mrs. S. C. Panter and son, Carl of Mineola, Texas, visited Mr. and Mrs. A. B. Gray Thursday night and Friday. Mr. Panter is a brother of Mrs. Gray's.

Fire Losses During Past Year Low States Official

Congratulations are in order for the Fire Department and the entire Canyon Public in holding to a minimum, losses due to fire.

Frank Hicks, Canyon's Fire Department Chief, recently received a letter from Olin Culberson, Secretary of the State Firemen's & Fire Fighters' Association, in commendation of a wonderful record. The figures in premiums and losses dating back to 1918 show the tremendous importance of the investment of fire fighting equipment in Canyon.

During the entire 33 years since 1918, premiums total \$615,533.08, while total losses were held down to \$142,385.00. It is hoped that this record will continue to be kept this good or better in the future.

C. L. Neelley Died Thursday; Funeral Held on Friday p. m.

Charles Lee Neelley, 82, died at 1 o'clock Thursday afternoon at the family home in Canyon. This has been his home since 1927 when he moved here for the benefit of the schools.

Mr. Neelley was born Feb. 25, 1869, in Tennessee, and came to Texas when he was 2 years old. His parents settled in Ellis County. He was married in 1904 to Miss Elizabeth Montgomery and the family lived in Scurry County before moving to Canyon.

For the past 11 years, Mr. Neelley had owned the Ceta Glen camp grounds near Canyon and he had come in contact with thousands of young people and other church groups who use the camp every summer. He was a member of the Methodist Church.

Survivors include his wife, of Canyon; three children, R. Lloyd Neelley, Wichita Falls; Miss Claudia Neelley, Lubbock, and Bert Neelley, Friona, and four grandchildren. He also is survived by one brother, Bruce Neelley, and a cousin, H. E. Neelley, both of Olney.

Funeral services were conducted at 3 o'clock Friday afternoon in the Canyon Methodist Church. Rev. Herschel Thurston, pastor, officiated.

Graveside services were conducted at Rose Hill Cemetery, Tulia.

Palbearers were Henry Ratjen, R. B. Elliott, John Royal, Emory Wright, Mert Myers, and L. W. Cole.

Buffalo Squad in Daily Workouts For First Game

Starting this week Frank Kimbrough's thundering herd of buffalo will be sharpening up their grid iron technique twice daily. The herd this year lacks the experience that ripped through last year's border champs. The material is good but that vital ingredient, experience, is the clamp that may slow the rambling herd to a walk this season.

The stampede that struck the herd and spilled the buffalo strength all over the U. S. and part of the orient was the Korean situation and the draft scare. The buffalo line is strong with big Bob Kelley, last year's all-border center, lending his strength and experience to it again this year. The backfield is where a lot of work needs doing. Such gridiron stars as Gene Mayfield, Bill Cross, Wire Wright and Eddie Connor have been replaced, thus leaving a gaping hole in backfield experience.

The graduation of Roy Lee Dunn, J. D. Covington, Bruce Womack, Donald Briggs, Leon Chapman, Don Tucker, Clint Williams, Deane Wright, Jimmie Draper and Frank Wise also helped throw a body block into the progress of the 1951-52 West Texas State College football team. The battle against time for the strong thread of experience needed to lace the team into a winning string is what Coach Kimbrough is fighting.

Although there are 27 lettermen back from last year, the coach says that this doesn't necessarily mean anything. He lectured every man of the varsity squad last year. In the face of the Korean Crisis and the fact that the coach didn't want any boy of his squad to come out of service, play football and not get a letter, resulted in each man being lettered, regardless of his playing time.

Kimbrough will pilot the entire squad with the help of assistants Borden Price, Hatcher Brown and Gene Mayfield.

The Buffs open their season against Trinity University at Amarillo Stadium on Saturday night, September 15. Trinity was the only team to defeat the Buffs last year.

Tin Boxes Must Be Removed In New Bank Vault

When the customer's vault of the First National Bank was built, it was made sufficiently large to take care of all of the uniform steel lock boxes which might be used by the customers of the bank. New steel boxes were installed for this purpose.

The walls of the vault are 18 inches thick, built of concrete and steel, with a heavy steel door to protect all valuables against theft.

During World War II the bank could not furnish all of the steel lock boxes which the customers needed. As a result the bank allowed customers to set their individual tin boxes in the vault. A miscellaneous group of boxes soon appeared, with various kinds of instruments and valuables which belong to the owners. Bank officials made it clear that the bank was not responsible for the safety of these boxes, or of the contents.

President W. C. Black is calling upon owners of these boxes to come by, rent one of the new steel boxes which have been installed, and transfer valuables to these new boxes. Should the bank not have enough steel boxes to take care of the needs of all customers, the bank will secure an adequate number, states Mr. Black.

At least, come and remove the old tin boxes and be assured of adequate protection from the steel boxes, which are provided with double keys.

Mrs. Marion Witt Died Tuesday With Funeral Wednesday

Mrs. Marion Witt died Tuesday at Austin and the funeral services were held at McGregor Wednesday. She was near 90 years of age.

Mrs. Witt was the first hostess at Cousins Hall, coming to Canyon in 1920. She retired in 1933. Dr. J. A. Hill was a student in her home during his early manhood.

Mrs. Witt is survived by one daughter, Dr. Marion Witt.

Attend University Of Texas For Year

Mr. and Mrs. Larry Roush left Tuesday morning for Austin, where they will attend the University.

Mr. Roush will attend the School of Law and Mrs. Roush will continue study in her major of Elementary Education.

In deciding to attend the University of Texas, Mr. Roush declined the Regional Scholarship awarded him by the Tulane University Law School at New Orleans.

Enroute to Austin they will visit Mrs. Roush's parents, Mr. and Mrs. Arlie Proctor, at Abilene.

Mr. Roush is the son of Mrs. E. J. Larson of Canyon.

Infant Son Dies

The infant son of Mr. and Mrs. Tom Sifert died Saturday at a hospital in Lubbock. The child was prematurely born and lived but a short time. Burial was in the Lorenzo cemetery.

Mrs. Sifert is the former Laverne Hinder, daughter of Mr. and Mrs. Louis Hinder, while the father is a former employee of The News.

Mr. and Mrs. Dan F. Sanders and Richard joined Dr. and Mrs. Jim Webb of Denton in a fishing trip to Crede, Colo., during the past week, returning home Monday.

Precinct Six Is Extended Benefit of the Voters

Due to the increased population changes many voters of voting precinct no. 5, find it difficult to reach its voting place, and it has been deemed best to change voting precinct no. 6 boundary to better serve the voters of that area. At a regular meeting of the commissioners' court, among other things that were discussed, the following order was made, approved, and adopted: "A motion was made by C. Y. Johnson and seconded by P. H. Baber to change the voting precinct lines of Trigg or no. 6 voting precinct of Randall County. The metes and bounds of no. 6 voting precinct to be as follows: Beginning in west line of section 144 BS & F block 9 on north county line, thence south approximately 7 1/2 miles to southwest corner of section 137, BS & F block 9; thence east 11 miles to northeast corner of section 14, block 6 I & GN; thence north 5 miles to the northeast corner of section 183 AB & M 2, or intersection of voting precinct no. 9; thence west two miles to southwest corner of section 229, block no. 2 AB & M; thence north approximately 2 1/2 miles to Potter-Randall county line; thence west along county line to point of beginning at county-line in intersection of west line of section 144 block BS & F 9. The only change made in present voting precinct no. 6 is to extend east boundary of some two miles east to Washington Street Road. Motion carried unanimously."

Eagles Will Face Dumas Here in First Game Friday

Canyon's high school will swing into the full glory of school spirit this Friday with their first football game of the season. The Canyon Eagles will be clawing for a victory over the Dumas Demons. There's no better way to show the boys on the football squad that you're behind them than being present at the first game. Show your loyalty by being in the stands.

The game is to be held in Buffalo Stadium. Adult tickets are \$1.00 and student tickets are 50 cents.

Stork Specials

Mr. and Mrs. John Bell are the parents of a baby girl born August 29 weighing 6 1/2 lbs., at Fort Worth. Mrs. Bell will be remembered as Dorothy Gafford.

Mr. and Mrs. J. L. Adcock, Norma Jean and James of Cleburne and Mr. and Mrs. Ellis Riddle of Borger spent last week-end in the home of Mrs. Ruth Hill and Mr. and Mrs. Clarence Adcock.

Mrs. J. Madison Daugherty visited her sister and family, Mr. Ted Schuler of Seminole Sunday until Wednesday.

MERCHANTS PLAN EXTRA BIG VALUES FOR FIRST CANYON DAY FRIDAY, SEPTEMBER 7

Friday, September 7, is going to be a big day in Canyon. September 7, will be the first of a new special trades day for the city . . . CANYON DAY . . . an event which will be held on the first Friday of each month.

This special trades day, which is being sponsored by the retail merchants of the Chamber of Commerce, will take on a different theme each month . . . a theme which will be a seasonal one.

This first CANYON DAY will open the fall shopping days for Canyon. It will be the beginning of a new season . . . a changing from summer things to fall things . . . a back-to-school shopping day . . . a showing of new fall fashions . . . and a special bargains day all rolled into one.

Local merchants working on a special committee of the Chamber of Commerce have worked out most of the details for this special trades day . . . an event which is designed not only for those merchants participating but also for the people of this trade area and Canyon. It is expected that every merchant participating in this Canyon Day will have his windows decorated in such a manner as to carry out the theme of each of the events.

This is expected to be one of the biggest events that Canyon has had in quite some time and every merchant is extending a special invitation to people of this area to come and bring their friends and get in on the big bargains that will be offered and see the latest in styles

Building Gets Improvement in Canyon for July

The end has come to a very prosperous month for Canyon. During the month of July, building permits more than doubled those of June. The month of August more than doubled the total of July building permits. At the end of the month of July, building permits totaled \$44,500.00. August came in with a thriving rush of building permits being issued. During the month of August the total amount of building permits reached a staggering \$92,300.00.

There are many factors that could have spurred building to this high figure. Some of them are the fact that the Korean situation may blossom forth in the kind of war that would curtail building. The excellent outlook for a good row crop in the community may have had something to do with the building spree and then it may be that Canyon is just growing up.

Accidents Taking Heavy Toll of Life Throughout USA

An accident toll that may top the all time high of 1949 Labor Day may be recorded when the final count is in for the 1951 Labor Day mishaps. Right now is one of the finest times in the world to stop and consider the seriousness of fast, reckless driving. With schools opening for another fall term and many children walking or riding bicycles and motor scooters to school, the motorist should be doubly careful.

Whether you believe in signs or not you'll find it pays to drive cautiously in school zones and those areas where children pass through on their way to and from school. According to statistics, most accidents involving auto drivers occur to the average driver who gets in a hurry and becomes excitedly careless.

In Canyon, 5th Avenue will be one of the focal points for careful driving. It's 16 blocks from the school building on 5th down to the highway. By driving this distance at 20 miles per hour and observing all traffic and safety regulations during the busy school season, it requires 3 minutes and 15 seconds. At break-neck speed you might drive the 16 blocks in 1 minute. In other words, at the risk of killing someone or doing extensive damage to your car, you may save 2 minutes and 15 seconds.

Before risking excessive speeds in school zones and on streets where you're likely to encounter school children, think of the risk you're taking. By driving carefully you may save a life, perhaps your own.

Mrs. Jack Downing and son, Mrs. Marshall Rockwell, Jr. and daughter spent Tuesday in Amarillo to help their grandmother, Mrs. Mary E. Collier, celebrate her 90th birthday.

Virginia Walker left for home in Chicago, Illinois, Monday after spending the summer with her grandparents, Mr. and Mrs. W. E. Tucker and family. She also visited relatives in Amarillo.

Mr. and Mrs. E. D. Gardner and family, Mr. and Mrs. Tommy Service of Odessa spent last week-end with Mr. and Mrs. R. O. Service, also Mr. and Mrs. F. C. Weatcher of Pampa.

Mr. and Mrs. P. M. Hacker and children, Florence and Bobby have returned from visiting relatives in Dallas, Longview, and Durant, Okla.

Fingerprinting Will Be Done by Local Officers

The Canyon sheriff's department now boasts facilities to do first class fingerprinting. This department is the work of deputy J. L. Pounds. A regular department is being set up in which everyone arrested by the sheriff will be fingerprinted. Three sets of these prints will be made. One set going to Washington, one going to Austin and the other one will be retained in the sheriff's permanent files here in Canyon.

Until recently only the simplest fingerprint jobs could be done in Canyon. If prints were to be lifted off automobiles abandoned in the country or from a latent position on paper, experts had to be called in from Amarillo. No such call need be made now because all of the equipment required for this work is now a part of the sheriff's office. As far as the technical skill is concerned, Mr. Pounds can provide that. He has had his diploma in fingerprinting since 1931.

Sheriff Cantrell feels that the fingerprinting department is a progressive development which will lead to more efficient performance of his duty. The fingerprinting department has chemicals required for lifting latent fingerprints from paper. Paraffin for making gun powder tests to determine whether a person has fired a gun recently or not and the chemicals required to make the complete test form a part of this new department. There's also a supply of plaster of paris to make impressions, or casts, of foot or tire prints. In fact everything that any ordinary police department has in fingerprinting equipment and skill is also present in the sheriff's office in Canyon.

In addition to the fingerprinting department, which will be handled mostly by deputy J. L. Pounds, owner of the equipment, sheriff Cantrell also has a private consultation room. The new room, finished only a short time ago, will be a retreat for private discussions that are too important for the general public to come bursting in upon. Although the sheriff is proud to have anyone come in at any time, whether it's about business or just to pass the time of day, there is still a need for privacy upon some occasions.

The new consultation room, in the southwest corner of the same building where the county jail is located, is attractively done up in green paint and yellow venetian blinds. Complete with desk and telephone, the room will provide the space needed for conferences and consultations among the sheriff's staff.

Grading New Hiway In Palo Duro State Park Is Started

Work has started in grading the new highway in the Palo Duro State Park.

This new location was made necessary when the recent floods ruined a section of the paving which had been completed.

Crossing No. 5 has been completed, and work has started on Crossing No. 4. Concrete will be of sufficient depth to stop any working of roads in the Park.

Mrs. Cecil Massey Is Victim Slight Attack of Polio

Mrs. Cecil Massey is in the Polio Clinic at Weslaco, which is the home of her parents. Her left leg is slightly affected, but the attending physicians believe that it will be cleared up in a few weeks.

Mr. Massey returned Saturday from accompanying his wife to Sherman and Dallas where she was observed by polio experts before being sent to the South Texas clinic.

No Cash Discount On City Taxes

There will be no discount for prompt payment of city taxes this year, stated Dudley Bayne, city secretary.

Discounts have been allowed by the city in years past, but owing to the large amount of work under construction in the city and the urgent need of all money on the tax rolls, the discount schedule was eliminated by the City Commission. Taxes are now due and payable.

Donnie Stroup Has Added to Herd

Donnie Stroup has added a purebred milking shorthorn to his herd. The addition was made through the purchase of Roth Acres Victor Duke from Harry Rothwell of Dimmitt.

The record of the transfer of ownership has been made by the American Milking Shorthorn Society at Springfield, Missouri.

Help Keep Canyon Clean!

EDITORIAL COMMENTS

Former President Speaks Out Against Graft and Greed Here

Former President Herbert Hoover spoke at Des Moines, Iowa, the other day. He was given a distinguished merit plaque of gratitude from his fellow Iowans for his distinguished service to the nation.

As another native son of that state, we listened with a great deal of interest to this distinguished son of Iowa. He has lived an eventful life, dedicated to his country.

As one Iowan to another, let it be remembered that *The Canyon News* publisher did not support Hoover for President when he was elected over the religious prejudice of his opponent. But we have always resented the shabby treatment which was accorded Hoover by the nation when it was confronted by circumstances over which he had no control.

Hoover may have been deeply hurt over the way America made him the goat of our individual and collective foolishness, but he did not publicly protest against such treatment. Being the only living ex-President, Herbert Hoover is doing a notable service in pointing out the weaknesses of the Truman administration.

During his public life, Herbert Hoover has always stood for honesty and efficiency in government. He is deeply hurt that any president should overlook the shortcomings of mankind and defend those who would profit by the weaknesses of mankind. To him honesty, personal and public, is a virtue which cannot be overlooked. He resents the present looseness which exists in Washington wherein the President of the United States neither condemns or criticizes those in authority who play the fast loose life and are profiting at the expense of the American people.

Men like Hoover should be recalled to public life in America, and put to work for the benefit of the nation's welfare.

Say That They Will Vote For President Truman in 1952

During the past week we have talked with a number of well known citizens of this country who have stated emphatically that they are in favor of the reelection of President Truman, and will vote for him, if he runs!

All of this in spite of the revolting developments which have taken place in Washington where ill gotten gains are looked upon without malice.

Vice President Barkley comes out with a strong endorsement of the President. Other public men in Washington are whooping it up for the President.

We stated several months ago that Truman would probably be renominated and re-elected if he wants the job. He is throwing in with the element in our public life which makes this possible.

The Republicans have so far trotted out no candidate which will appeal to the public. And let it be remembered that the President will appeal to the prejudices of the voters in order that they will support either himself or the man whom he recommends to them.

Who Is the Hero? The Indian, or the Prejudiced Officials?

There must be some pretty red faces over the untimely episode of an American Indian being denied the rights of burial in a Sioux City cemetery simply because he was a Redman. It mattered not that he had lost his life while fighting for his country in Korea. It mattered not that the grave was prepared; the family gathered; and the final rites were in progress.

The constitution of the cemetery said that there could be only white men buried in that cemetery.

President Truman heard of the situation and ordered that the body of the hero of Korea be brought to the National Cemetery at Arlington where the color of the skin makes no difference.

This is the second time that national indignation has been shown over the treatment accorded our heroes who have lost their lives in Korea, through no fault of their own, and had a different colored skin from the prevailing white of the nation.

White skins do not make white souls.

Wasting Money on Foreign Relations Creates No Good Will

We are in complete sympathy with the members of Congress who are attempting to reduce the foreign aid bill.

Just recently we heard a number of the North Atlantic pact delegation in Europe tell of the terrible waste which was going on by this group, as wild party after wild party was pulled off—at the expense of the American taxpayers.

We do not blame Congress for becoming hostile against such waste.

So long as the money is going where it was intended to go, and is accomplishing worthwhile projects which it is supposed to accomplish, no one will object to having his taxes increased to pay the bill.

When it comes to waste, we are all opposed to the waste of public money, whether it be right here in Randall county; down at Austin; or in Washington.

The money all comes out of the pockets of we, the people.

Armistice in Korea? Maybe So But We Doubt It Very Much

Maybe we are wrong, but we doubt it very much whether or not the Reds have ever been serious about stopping the war in Korea.

So long as Americans and Chinese and Koreans are being killed off, and so long as we are wasting our financial strength in fighting this war, what does Joe Stalin care?

Stalin is willing for all of us to spend just as much and have thousands of more men killed so long as he does not have to send men into battle.

And should the Reds meet and agree to call the whole thing off, who would believe them?

There's nothing you can do to make a man believe something that he doesn't want to believe.

Business is always better for advertisers.

Where Russians Get Information in USA No Secret—Gate Open

While American newspaper men are jailed behind the iron curtain and allowed no freedom whatsoever, have you considered what we are doing for the commies in America? Do you realize that we are feeding the commies the ammunition with which they, in turn, are providing for the press of Russia, but at the same time twisting the facts around to suit their purpose?

Where do they get this information?

Simple enough!

Russian representatives attend the press conferences of the President in the White House and get the same information as dished out to American newsmen.

Russian representatives make all of the departments in Washington, including the State Department, the Defense Department, the Atomic Energy Commission, where they are handed the same press releases which are handed to American newsmen.

Furthermore, Russian newspaper representatives are free to cover all departments of Congress, with free access to the press galleries, and are handed releases of all committees, including detailed reports on our Army, Navy and Air Forces.

Yes, and Russians are free to travel to any part of the nation, talk with defense officials, and in many instances have free access to our industrial plants. They see and hear and talk with men in authority. Silly, do you agree?

Yes, we are feeding the supposedly dumb Russians with a lot of propaganda which they are using against us among their home people.

Unless it drives the common herd of Russia into war with the United States, possibly little damage will be done. But who knows what the results will be?

We have no representatives in Russia who get any information to send back home. All that we can do is to wait fearfully of what is going to happen next. Silly situation? YES, WE AGREE!

Legislature Is Given Wallop By the Attorney General

While the legislature was passing the appropriation bills for the coming two years, the boys became overzealous and attached 253 riders on the money measures. The boys decided that they knew more about spending state money than the heads of departments, those who are sworn by state law to see to it that no money is wasted.

Governor Allan Shivers submitted to Attorney Price Daniel the list of riders with the view of cleaning up the mess which was left by the lawmakers. This group sought to set up a legislative committee which would pass upon all money before it was spent, in spite of the Board of Control, the Governor and all other agencies which the legislature had previously created for this same purpose.

The Attorney General knocked in the head most of the riders by declaring them unconstitutional. This was a severe blow to the ego of the large group of lawmakers who hold themselves in pretty high esteem. After all, Texas has too many regulations now in government.

Which law have you broken today? No one knows!

Why Wait Any Longer to Cut Aid to Traders With Russia

We were somewhat amazed that it took an act of Congress for Uncle Sam to cut off relief payments to those nations which continue furnishing Red Russia with vital war materials.

Why have we continued trading with those who are aiding to kill our boys in Korea? Is not killing a crime?

Remember how the great patriots of America continued shipping scrap iron and oil to Japan right up to the Pearl Harbor?

Remember how we continued shipping tanks and trucks and all other materials to Russia until public indignation stopped this practice?

Remember how England continued shipping oil and rubber, as a matter of business, until just recently? Are we crazy, or just dollar chasers?

When has the profits of war become more vital to the nation than lives of thousands of American boys?

Think it over and talk straight to members of Congress and the President.

Senator Connally Writes That He Will Soon Return to Texas

Senator Tom Connally writes *The Canyon News* that he expects to be back in Texas about the first of October and will visit all sections of the State.

The distinguished Senator took mild exception to our recent editorial which placed him in the Truman crowd. It would seem that Connally is getting wise to the fact that Texans are pretty well fed up on the Truman doctrine of greed and graft in high places.

At least, Senator Connally gave us a list of Truman measures which he had opposed in recent months. It would seem from the list that the big Texan is pretty much a bigger man than the little fellow from Missouri.

It's a good rule to buy from a merchant who frankly admits that he is making a reasonable profit.

People are curious. If they were not, there would be little intelligence or progress in the world.

The will of the people may be erroneous and unwise but it is what makes a democracy live.

When a father can't get along with his young son, the chances are equal that it is his own fault.

The man who thinks his tax burden is becoming unbearable ought to move to England.

A good neighbor is one who loans but never borrows.

Buying for cash is a good way to keep your debts paid.

Three of a kind — golfers, fishermen and proud parents.

WHO KNOWS

MOTHER-IN-LAW CLUB WILL MEET WITH MRS. C. W. DUNN

The Mother-in-Law Club will meet with Mrs. C. W. Dunn, 1800 4th Ave. on Thursday, September 13, at 2:30 p. m. All members are urged to be present.

Help Keep Canyon Clean!

Son of Mrs. Gleb Bourinoff Stricken With Polio Attack

Mrs. Gleb Bourinoff, who will be remembered by her many Canyon friends as Lillian Atkins, is the mother of a polio victim. Her younger son, 11-year-old George Bourinoff, contacted polio about the 17th of August. At present he is in the Memorial Hospital in Corpus Christi.

The condition of the body is improving and it is hoped that he can soon be removed to the Crippled Children's home. It is the usual practice to remove children from the hospital after three weeks of marked improvement. The final cure is given at the Home for Crippled Children.

The many Canyon friends will want to send both mother and son cards and letters of encouragement during this dark period of illness.

The cards and letters to both mother and son should be addressed to the Memorial Hospital, Corpus Christi, Texas.

Mrs. Bourinoff is the daughter of

Mrs. G. B. Combs and was a member of the Canyon News staff before going to New York.

COULD BE

A Texas woman judge has suggested that women be drafted in the national emergency. Most of us don't think the situation is that desperate; maybe the judge did not want to be the only remaining American who had not suggested some way of saving us in our hour of need.

MORE IMPORTANT

It is noted that President Truman still enjoys his morning walks. Most people are less concerned with his walks than with wondering whether he intends to do any running next year.

We confess our little faults only to persuade others that we have no great ones. —La Rochefoucauld.

Hill-Cavitt Vows Exchanged

MRS. GARLAND CAVITT

On Saturday evening, August 25, the First Methodist Church of Canyon was the scene of the marriage of Miss Jean Hill, daughter of Mrs. Ruth Adcock Hill and Garland Cavitt, son of Mr. and Mrs. C. T. Cavitt of Flomot, Texas, with the Rev. Herschel L. Thurston, minister, performing the double ring ceremony.

The white satin altar was flanked with yellow gladiolus and green foliage tied with lavender streamers.

Organist Ruth Ann Soll played "Theme" from Piano Concerto in B Sharp Minor, by Tschakowsky; "White Orchids" by Schumann; and "Indian Love Call" by Friml preceding the ceremony. She accompa-

nied Miss Juanna Jo Broadaway of Panhandle, who sang "Through the Years" and "Because." "Clair de Lune" was played as background music during the ceremony. Near the close of the ceremony, Miss Broadaway sang "The Lord's Prayer." "Wedding March" from Lohengrin by Wagner was played as the processional and "Wedding

March" from Midsummer Nights Dream by Mendelssohn was played for the recessional.

Candlelighters were Mrs. Gene McMaster of Lubbock and Miss Nancy Adcock of Canyon, each wearing lavender asters in their hair and gowns of yellow moire taffeta fashioned with full gathered skirts with lavender and yellow grosgrain ribbon tied at the waist and fitted bodice with cap sleeves and scooped-out neckline.

Attending the bride as maid-of-honor was her sister, Miss Mary Ruth Hill, wearing a gown of yellow moire taffeta fashioned with full gathered skirts with lavender and yellow grosgrain ribbon tied at the waist and fitted bodice with cap sleeves and scooped-out neckline. Her headdress was a bandeau of lavender net and ribbon. She carried a nosegay of lavender asters.

Mr. Dave Cavitt, brother of the bridegroom, was the best man. Ushers were Lowell Hill, brother of the bride, John E. Perry, Jr. and Bob Finely of Floydada and Art Roberts of Canyon.

The bride was given in marriage by her uncle, Mr. Clarence Adcock. She wore a gown of ivory bridal satin with Chantilly lace panels extending the length of the skirt and train. Her fingertip veil of illusion fell from a tiara trimmed with seed pearls. She carried a white Bible topped with an orchid from which fell white stephanotis tied with white streamers. For something old, she wore a gold wedding band which belonged to her maternal grandmother. She borrowed a strand of pearls from her mother.

The bride's mother wore a two piece dress of purple faille with black accessories and a corsage of pink carnations. The bridegroom's aunt wore a black crepe suit dress with winter white and black accessories and a corsage of white carnations. Mr. and Mrs. Cavitt were unable to attend.

Mrs. Cavitt graduated from Canyon High School and attended West Texas State College and was a member of the Pi Omega Sorority.

Mr. Cavitt graduated from Flomot High School, spent several months in the United States Navy, attended West Texas State College where he was a member of the Freshman football squad. He will attend Eastern New Mexico University at Portales this fall where the bride will teach the fourth grade in the West Ward School.

Following the ceremony, a reception was held in Fellowship Hall. The bride's table was laid with white Irish linen cloth and centered with the maid-of-honor's bouquet. The three-tiered cake was served by Mrs. Burney Slack while Mrs. Clarence Adcock presided at the punch bowl. Miss Blonnie Jean Simmons of Plainview secured names at the guest book. Other members of the house party were Mrs. Art Roberts, Mrs. S. S. Howell, Misses Teddy Howell, Letha Harwood, Valeta Haines, and Gayle Foster of Olton. Misses Donna Erwin and Dorothy McReynolds played background music at the piano during the reception.

The bride traveled in brown gabardine suit with forest green accessories and an orchid corsage.

After a brief wedding trip the couple will be at home at 108 Lang Street, Apt. A, Portales, New Mexico.

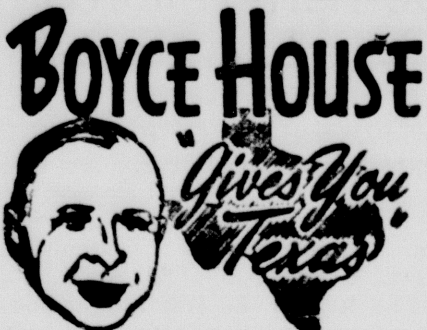

Out-of-town guests at the wedding were: Mr. and Mrs. J. L. Adcock, Norma Jean and James of Cleburne; Mr. and Mrs. Ellis Riddle of Borger; Mr. and Mrs. John Broadaway of Panhandle; Mrs. Lem Brock of Plainview; Mrs. Haley; Miss Blonnie Jean Simmons and Dave Cavitt of Plainview.

The rehearsal dinner was given in the home of Mrs. Ruth Hill at 1111 3rd Ave. Mrs. S. S. Howell and Mrs. H. C. Adcock served the dinner buffet style to the wedding party and guests.

The house was decorated throughout with the bride's chosen colors in flowers.

Melvin Price, Member of Congress from Illinois: "Atomic attack might halt defense production and, through its frightfulness, even destroy our will to fight."

Joseph C. O'Mahoney, U. S. Senator from Wyoming: "We have the air power now that can deliver a most serious blow to any potential enemy."

This is a story about the courage of a faithful dog.

In the winter of 1880, two mining engineers, Andrews and Wiswall, from Denver, stopped at the camp of Texas Rangers at Ysleta, near El Paso. They were driving a new hack with a fine team as well as a saddle pony, which was being led. They had a complete camping outfit and there was one other feature of the entourage—a handsome black shepherd dog. They were well supplied with rifles, shotguns and revolvers.

They wanted to purchase a hundred burros and were on their way to the Pecos Valley, New Mexico. From Ysleta, they decided to take a short course—the abandoned Butterfield route, though they were warned that this was hazardous because of Indians.

On the third day, they reached the former station of the old stage line at Crow Flat. While the two men were inside eating, they heard a yell and hurried out to see their horses being driven away by a dozen redskins.

And so they found themselves afoot, 100 miles back to the Rangers' camp and 75 miles on to help on the Pecos. They decided again on the shorter route and set out that night. But first they fixed up two dummies as sentinels and left Shep to guard their outfit. The dog wanted to go but they put a side of bacon and a sack of corn down and told him to guard it.

At daybreak after plodding through deep sand, they had made 25 miles and they took a trail through a canyon. At a sharp turn, they caught sight of a band of redskins coming toward them. The two men raced to the top of a peak, hastily piled up rocks and then opened fire. There was an exchange but with no damage, apparently, to either side. Then Andrews called to his companion, "Look!" Boulders were moving up the mountain-side!

The Indians were pushing the rocks forward as shields. One of the warriors raised up to peer over his boulder and a bullet took him between the eyes. The two men sprang to their feet, ran past the dead Indian, managed to elude the others and when night came on, they trudged back toward the stage line station, which they reached again after having walked 50 miles and having been 36 hours without sleep. Loyal Shep was on duty and was frantic with happiness at seeing them.

The men rested, then again telling Shep goodbye, they set out in the other direction—for the Ranger camp, after wrapping their feet in gunnysacks, for their shoes had been worn out by the previous hike. They reached a water-hole, 25 miles away, almost a full 24 hours later and it was several days before they arrived, almost exhausted, at Ysleta.

A detachment of Rangers was sent to bring back the hack and equipment. It was at night when they rode up to Crow Flat and they were challenged by a bark. Shep recognized them as friends however and he rolled over and over with joy, and the hardy Rangers, who admired heroism, gave him a cheer. The dog had eaten the bacon, and the corn was nearly all gone. The top of the wall around the place had been worn smooth by his feet as he paced up and down on watch. Numerous footprints showed that many coyotes had approached; but the dog, aided only by the two dummies, had held the fort. He had been alone for 15 days. That shepherd dog deserves a monument on which should be carved, "Faithful."

RULES OF THE ROAD

Here are some rules of the road for use these days:

To drivers of cars and motorcycles: Never do anything unless you can see that it is safe to do so.

To cyclists: Never do anything unless you can see.

To pedestrians: Never do anything . . .

Vows Exchanged Home Ceremony

The home of Mr. and Mrs. Russell Loe in Dallas, Texas, on Wednesday, August 22 at 8:00 p. m. was the scene of the marriage of Miss Betty Joe Lyne and Major Fred Lawrence Hart. Miss Lyne is the daughter of Mrs. Eloise H. Lyne of Dallas and Major Hart is the son of Mr. and Mrs. Silas Hart of Canyon. The Rev. Welsh, minister of the East Dallas Christian Church, performed the double ring ceremony.

The ceremony was performed before a fireplace flanked with white gladiolus, palms and ferns. Pianist Miss Doris Fuess played the traditional wedding marches. She accompanied Mrs. George Howard of Shamrock, sister of the groom, who sang "Because" and "I Love You Truly."

Attending the bride as Bridesmaid was Miss Louise Schaeffer of Dallas, who wore a dress of pink lace ballerina over satin fashioned with a fitted bodice and three quarter length sleeves. She carried a nosegay of pink carnations.

Major Harold A. Parker of Dayton, Ohio, was the best man.

The bride was given in marriage by Frank Marx of Corsicana, Texas. She wore a white lace ballerina over satin fashioned with a fitted bodice and three quarter length sleeves. For her headdress she wore a shoulder length veil of illusion attached to a Juliet cap of seed pearls. She carried a nosegay of white orchid and carnations.

The bride's mother wore a purple velvet dress with a corsage of light pink asters.

The reception followed the ceremony in the home of Mr. and Mrs. Russell Loe of 6337 Prestonshire in Dallas.

Mrs. Hart traveled in a purple gabardine suit with matching accessories.

After a wedding trip to Houston, Texas, the couple are at home at 321 Shaw Ave., Dayton, Ohio.

Mrs. Hart attended Centenary College in Shreveport, Louisiana, and was a member of the Zeta Tau Alpha Sorority.

Major Hart received his M. A. degree from West Texas State College in 1942. He is in the United States Air Force and stationed with the procurement Division, Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio.

MODERNIZED

Nowadays, when a man discovers his wife sewing on tiny garments, his reaction is: "My gosh! You're not going to wear that on the beach!"

Millard Caldwell, Civil Defense Administrator: "Seventy out of every one hundred planes Russians would launch against us would get through to the target."

A generous and free-minded confession doth disable a reproach and disarm an injury. —Michael de Montaigne.

Electric Cooking Is

EASY

...as MODERN women KNOW!

Easy because accurate, finger-tip heat control gives you the correct amount of measured heat called for by your recipe.

Easy because clean electricity — cleanest of all heat producing methods — cuts down wall and curtain cleaning, eliminates entirely mums, fuss, dirt, grease and grime.

Easy because automatic electric cooking lets your meal start while you're away from home—stops it while you're gone, too, if that's your wish.

Easy because cool electric cooking brings added comfort to your kitchen — added pleasure to your meal planning.

Easy because your electric range can be placed in the most convenient kitchen location without worry about flames or fumes — matchless electric cooking requires neither.

Yes, electric cooking is easy — as modern women know.

Sigman-Downing Vows Exchanged

MRS. SCOTT DOWNING

The Memorial Chapel on the campus of West Texas State College was the scene of the marriage of Miss Bitsy Sigman, daughter of Mrs. Oma Sigman and Mr. Scott M. Downing.

The double ring ceremony was performed at 10:00 o'clock in the morning on Saturday, September 1, by the Rev. H. L. Thurston, minister of the First Methodist Church.

Baskets of white gladioli flanked the altar with altar vases of daisy mums.

Mrs. K. E. Frieze, organist, played Irving Berlin's "Always," "Somewhere a Voice is Calling" by Ferrari, "Indian Love Call" by Friml, and "I Love You Truly" by Bond was played softly during the exchange of vows.

Miss Mona Smith of Muleshoe attended the bride as maid-of-honor. Miss Smith was attired in a yellow net over satin with off the shoulder blouse and full skirt. She carried a nosegay of white daisy mums.

Mr. Burnace McCarty of Amarillo was best man. Ushers were Recl Sigman and Neil Downing.

The bride was given in marriage by her brother, Mr. V. J. Sigman. She wore a gown of nylon net over Chantilly lace over white satin, fashioned with an apron of lace with pointed sleeves of lace and ballerina length. She carried orchids on a white Bible.

The bride's mother wore a navy blue dress with black accessories. Her corsage was of white gardenias.

Mrs. Downing traveled in a toast brown suit with dark brown accessories and a green blouse.

After a trip to Denver, Colorado, the couple will be at home in Canyon.

Mrs. Downing is a graduate of West Texas High School, attended Draughton's Business College in Lubbock. She was formerly employed by Southwestern Public Service Co.

Mr. Downing is an Air Force Veteran and presently employed by his brother who is a contractor. Out-of-town guests from San Antonio, Tahoka, Littlefield, Muleshoe, Big Spring, Earth, Colorado City, Akron, Ohio, and Ft. Worth, Texas, were present for the wedding.

Mr. and Mrs. V. K. McCaskill, Mr. and Mrs. George Hand spent last week at their place in Pecos, New Mexico.

Travis-Service Exchange Vows

Miss Jan Travis, daughter of Mr. and Mrs. G. E. Travis, of Follett, became the bride of Mr. Don Service, son of Mr. and Mrs. R. O. Service, in an informal double ring ceremony read in the Follett Methodist Church on Friday, August 24, at 3:00 p. m.

The Rev. J. Wald Griffin, minister, read the vows before an altar decorated with baskets of white chrysanthemums, palms, and greenery.

Preceding the ceremony, Miss Kay Freeman, pianist, played a medley of nuptial music and accompanied Mrs. Jack Brown, who sang "At Dawning." Miss Freeman also played the traditional wedding marches.

Miss Bernice Ehrlich attended the bride as maid-of-honor. She wore a navy blue sheer dress and a corsage of tulle and roses.

Mr. Tommy Service, of Odessa, served his brother as best man.

Given in marriage by her father, the bride wore a silk print dress with black and white accessories and a white orchid corsage.

The bride's mother wore a navy blue dress with a white carnation corsage. The groom's mother wore a navy blue dress with a corsage of pink carnations.

Following the ceremony, a reception was held in the basement of the church. Mrs. R. B. Travis, sister-in-law of the bride, served the cake, and Mrs. Jack Brown presided at the punch bowl.

After a wedding trip to Las Vegas, Nevada, the couple are at home in Canyon, where the groom is finishing college.

Mrs. Service was graduated from Follett High School and from West Texas State College where she was a member of the Gamma Phi Sorority and was selected Personality Queen of the College her senior year.

Mr. Service is a graduate of Canyon High School and served in the Army for two years. He is a senior student at West Texas State and is a member of the Epsilon Beta Fraternity.

Mr. and Mrs. Jack Foster and Dick returned last Monday after a visit to Kansas and Arkansas. The Fosters visited Mr. and Mrs. Frank Garrett and family of Prairie Grove, Arkansas, and Mr. and Mrs. Warren Knowles and family. Mr. and Mrs. Garrett are former residents of Canyon.

Mr. and Mrs. Dubois Walker and daughter, Judy, Doug Walker and Joe Dickerson are vacationing in Denver, Colorado, this week.

Mr. and Mrs. Charles Hillier, accompanied by Mr. and Mrs. Hiram Wood, attended the horse races at Raton, N. M., over the week-end.

Mr. and Mrs. Berle Henderson spent the week-end in Ruidoso, N. M.

Mr. and Mrs. Harley Burrus spent the week-end in Ft. Worth visiting relatives.

Barnett-Thielman Vows Exchanged

The sanctuary of the First Methodist Church was the scene of the marriage of Miss Dorothy Barnett, daughter of Mrs. J. A. Barnett of White Deer and Calvin Thielman, son of Mrs. Charles Thielman of Paris, Texas.

The Rev. H. L. Thurston, minister, performed the informal double ring ceremony Tuesday at 12:00 noon.

The bride wore a blue suit with white accessories and corsage of orchids.

Attending the wedding were Mrs. J. A. Barnett, Mrs. Charles Thielman, Miss Mary Moss Richardson, and Mrs. H. L. Thurston.

After a wedding trip to New Mexico, the couple will be at home in Canyon where Mr. and Mrs. Thielman will enroll in college. Mr. Thielman is a ministerial student and acting as pastor to the Happy Presbyterian Church.

FOSTER FAMILY ENJOYS REUNION SUNDAY EVENING

Friends and relatives enjoyed a Barbecue of beef and chicken in the Jack Foster home near Wayside Sunday evening.

They were: Pfc. and Mrs. Dean E. Foster of El Paso, Mr. and Mrs. Dick Kemp and Gay and Mrs. J. C. Horton of Tucuman, New Mexico, Mr. and Mrs. Paul Foster and Mr. and Mrs. Bob Foster of Amarillo, Mr. and Mrs. J. O. Parker, Foster, Jerry and "Little Red," Mr. and Mrs. Hosea Foster, Mr. and Mrs. Lee Foster and Sally of Canyon, Mr. and Mrs. J. K. Milan of Vigo Park, Miss Bea Marcus and Eddie Adkins of El Paso, Mr. and Mrs. Gordon Foster, Jackie, Paul, Ann and Art, Mr. and Mrs. John Thomas, Mr. and Mrs. Tom Moudy, Judy and Bub of Wayside and Mr. and Mrs. Jack Foster and Dick.

Mr. and Mrs. C. W. Devaney and daughter, Mrs. Clay Dawson spent the week-end in Wichita, Kansas, visiting Mrs. A. D. Parker.

Mr. and Mrs. T. B. Atkins of Big Spring spent Saturday, Sunday, and part of Monday in the home of Mr. and Mrs. G. B. Combs.

Mrs. M. A. Biggers visited her daughter in Denver, Colorado, last week and returned home Monday night.

Mr. and Mrs. Gordon Bourland and children of Fort Worth spent the week-end in the home of his mother, Mrs. G. B. Bourland.

Mr. and Mrs. R. D. Lowry returned last Friday from a sight-seeing trip through the Boston and Ozark Mountains in Arkansas.

Mrs. Rhone Mobley and son, Curtis Dale, left Monday for medical treatment in Oklahoma City.

Mr. and Mrs. W. R. Dawes and children of Big Spring spent the week-end in the home of her parents.

Pfc. Clyde Fewell, son of Mr. and Mrs. Buren Fewell of Ropesville, sailed for Japan last week.

Mrs. Dwayne Atkins of Amarillo visited in the home of Mr. and Mrs. G. B. Combs Saturday.

SAD STATE

The Judge read the list of charges, looked sternly at the weebegone creature facing him and asked: "Can it be possible that this document is correct — and that you robbed the same house twice in less than a week?"

The burglar nodded sadly. "Yes, sir. Ain't this housing shortage terrible?"

Harold E. Mayo, preacher: "If we should have one world too soon, we may put a noose around our necks."

Security precautions against espionage tightened.

Eisenhower lauds new U. S. troops, "training to beat the devil."

British shipbuilding reaches record of 5,500,000 gross tons.

John McCarty in Talk on Park at Lions Club Wed.

If you're one of those persons who can't see the forest for the trees, it's time to wake up and realize that the trees are the forest. This was the theme expounded by John McCarty in his speech before the Lions Club Luncheon Wednesday.

Introduced by Bill Money and speaking from the viewpoint of the financial aspects of Palo Duro Canyon, Mr. McCarty went on to point out how each individual business in Canyon could profit by publicizing the Palo Duro Canyon. According to the experts, the Canyon is the world's most colorful park. This is due to wind and water erosions down through the ages.

To date more than 59,000 paying visitors have registered at the gate of Palo Duro State Park this year. By the end of the year the total is expected to reach the 150,000 bracket. It's a great thing for Canyon and the local people should give good publicity to the Palo Duro Canyon at every opportunity, McCarty explained. There's both local and national bus service into the park which is also easily reached by private automobile.

So, if you can't see the Canyon for the walls, wake up, those walls are the Canyon. The Lions Club also welcomed Tony Brown back from Boulder, Colorado, where he has been doing advanced work at the University of Colorado; announced that about 15 members of the Canyon Lions accepted the invitation in visiting the Tulla Lions Thursday, August 23; reminded the members of perfect attendance week, September 9; and announced that a 15% increase in Lion members throughout the district was desired. In addition to this, the Lions welcomed two visitors, Lawrence Hunnicutt and Harold Wetzel.

Mr. and Mrs. E. P. Halstead of Dallas visited with Mr. and Mrs. Charlie Huffines recently. Mrs. Halstead is Mrs. Huffines' niece.

Mrs. Jesse W. Bewley has returned from a three weeks' visit with her sister, Mrs. G. F. Dunning of Knoxville, Tennessee.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: HAROLD W. ENGLISH AND THE UNKNOWN HEIRS, DEVISEES, LEGATEES AND UNKNOWN LEGAL REPRESENTATIVES OF HAROLD W. ENGLISH, GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of September, A. D. 1951, at or before 10 o'clock A. M. before the Honorable 47th District Court of Randall County, at the Court House in Canyon, Texas.

Said plaintiff's petition was filed on the 9th day of August, 1951. The file number of said suit being No. 2347.
The names of the parties in said suit are: E. E. Warnick as Plaintiff, and Harold W. English and the Unknown Heirs, Devisees, Legatees and Unknown Legal Representatives of Harold W. English as Defendants.
The nature of said suit being substantially as follows, to wit:
E. E. Warnick, plaintiff, is the lawful and legal owner of Certificate of Special Assessment No. 1003, issued by the City of Amarillo, on June 19, 1951, on which the first installment of \$28.33 is now past due, and therefore the balance of \$141.65, together with costs, interest at the rate of 6% per annum, and attorney's fees incurred in collection of the indebtedness is now due and payable. Said certificate was declared by the City of Amarillo and the laws of the State of Texas to create a lien on property located on South Gables Street, Broadmoor Addition to the City of Amarillo, being the premises in Block "C," Lot No. 6 in said City of Amarillo. Therefore, as the sum now due and payable to said E. E. Warnick has not been paid, said E. E. Warnick now brings this suit to foreclose the lien on the property, being Lot 6, Block "C," on South Gables Street, in the Broadmoor Addition, in the City of Amarillo.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

ISSUED this 9th day of August, A. D. 1951.
Given under my hand and seal of said Court, at office in Texas, this 9th day of August, A. D. 1951.

ETHEL MULLINS, Clerk,
47th District Court, Randall County, Texas.

Amarillo Oil Mill Co. Boon to Area

No review of the agricultural interests of West Texas would be complete without mention of the Amarillo Oil Mill Company, manufacturers of a complete line of "RANCH HOUSE FEEDS" as well as cotton seed pellets, meal and cake, soy bean pellets and meal, and 21% protein range cubes. They are also buyers of Wheat, Milo and other grains.

"RANCH HOUSE FEEDS" are most efficient and contain only the purest ingredients and have proven their worth throughout this territory.

The aggressive officials of Amarillo Oil Mill Company, H. W. Allen, president; E. H. Kromer, 1st vice-president; Jack W. Johnson, vice-president and Lee Oates, secretary-treasurer are men of wide experience and are always most co-operative in any worthwhile movement which tends to better agricultural and livestock conditions in the Panhandle.

The central location of this popular concern in Amarillo assures quick delivery of "RANCH HOUSE FEEDS" to all Panhandle towns as well as the accessibility of the elevator facilities to our grain farmers. With good prospects in this territory for row crops, Amarillo Oil Mill Co. will be glad to buy these grains and always pay the very top market price.

It is indeed a pleasure for us in this review edition of our paper to compliment Amarillo Oil Mill Company Inc., who will celebrate its 25th anniversary October 1st, for their quality line of RANCH HOUSE FEEDS, and the splendid service which they render to our ranchers and farmers, and wish for them many more years of continued successful operation. Much of the credit for the success of this company is due its president, Harvey W. Allen, who has been active with the company since its inception.

BIGGER'N THE JURY

A young lawyer pleading his first case had been retained by a farmer to prosecute a railway company for killing 24 hogs. He wanted to impress the jury with the magnitude of the injury.

"Twenty - four hogs, gentlemen! Twice the number there is in the jury box!"

Liability of Car Owners Is Matter of Law

Sometimes it takes a law to force the people into doing something which they recognize is advantageous to them in the first place. example of this is the compulsory liability insurance soon to go into effect for automobile owners. Only a few people have spoken out against such law.

Many people who did not have the liability insurance had thought about it and just put it off from day-to-day but still planned to get it. No doubt that this is the kind of motorist who is going to the insurance company for his insurance before the law comes into effect. Tom Beard over at State Farm Insurance Company reports that his liability insurance business has increased one-third during recent months. The other forms of insurance are just holding up to average.

Over at Hosea Foster's Insurance Agency, Bill Knighton says that they are writing about one-third more liability insurance policies than usual. Here again the other forms of insurance is just about holding steady with no undue increase nor decrease.

The Insurance Agency of Harden and Heath reports a bit of an increase in liability and as the time draws nearer for compulsory insurance they expect an even greater increase. The financial protection of this type of insurance is highly important to everyone driving, or even riding in, cars.

SPARE TIRES

The ban against equipping new cars with spare tires has been lifted by the National Production Administration "because of an improvement in the rubber situation and a reduction in passenger car production."

THE AMERICAN WAY

Four Of A Kind

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of September 2, 1926)

Dan Moody was elected Governor of Texas over Mariah Ferguson by a majority of two to one.

Felix Phillips and Miss Maurine Killough were married.

John S. Humphreys filled the pulpit at the Baptist Church in Tulia.

B. T. Johnson started construction of the brick residence at the corner of Third Avenue and 15th Street.

Olin E. Hinkle resigned as editor at Blackwell, Okla., to assume a position on the Sweetwater Reporter.

Local candidates elected Saturday in the second primary were: Lee Satterwhite over A. D. Payne for State Representative; Berl E. Mayfield over Brown for county and

district clerk; J. M. Fite over S. B. Orton for county assessor; A. N. Burgan over J. D. Covington for county commissioner.

The Jarrett Drug moved to the north side of the square.

S. D. Burton announced that work would soon start on a test well in Hutchinson county by the Big Coach Oil Co.

Reader Protests Against Tax Rises And Paving Costs

A letter received at the office of The Canyon News, dated August 22, reads as follows:

Sir: Read in this week's News the plan adopted by city commission as being the most economical way to handle the paving job. Don't think they realize there are people on \$7.00 per month state pensions that don't have a dime for paving, taxes or what have you. Too many parasites have a strange hold on our state's treasury. There isn't enough for crippled and old people to eat, much less buy clothes or pay for paving, no matter how willing a person is for paving. Please tell us what we are to do? State is only trying to suck up our little homes before they give the measly \$7.00 per month. So if we grow old, get sick or crippled, just as well holler calf rope, the parasites have us.

Mrs. G. F. Wooten
Box 11, Canyon, Texas

P. S. I call that taxation without representation.

(NB**Thanks for your letter on the increase in taxes. Perhaps all of us are a little too "high" in our living, and a lot of good folks have run out of cash. So long as there is a demand for the city and the state and the nation to keep on spending, these governments will continue to spend. They can do nothing but the will of the people. **CWW)

SLOT MACHINES

FBI Director J. Edgar Hoover reports that, in an intensive enforcement campaign of the new law banning interstate shipment of slot machines, 208 such machines have been seized and fifteen persons arrested on charges of taking them across state lines. Other cases of alleged illegal transportation "are now under active investigation."

AN ORDINANCE

An Ordinance of the City of Canyon prohibiting the parking or standing of vehicles in alleys or the blocking of entrances to said alleys, and fixing a fine for violation.

BE IT ORDAINED BY THE COMMISSION OF THE CITY OF CANYON, TEXAS:

Section 1. No motor vehicle shall be left unattended in any alley way within the Corporate limits of the City of Canyon, Texas.

Section 2. No motor vehicle shall be left unattended in the entrance to any alley way within the Corporate limits of the City of Canyon, Texas.

Section 3. All persons so parking a motor vehicle in violation of the provisions set out in paragraphs 1 and 2, above shall be punished by a fine of not less than Five (\$5.00) Dollars nor more than One Hundred (\$100.00) Dollars.

Section 4. The full text of this ordinance shall be published in The Canyon News, a newspaper of general circulation in the City of Canyon, Texas, in the first issue of such newspaper after the date of passage hereof.

Section 5. This ordinance shall become effective ten (10) days after the date of passage hereof.

Section 6. If any part or parts of this ordinance shall be held invalid, no valid parts thereof shall be effected thereby.

PASSED AND APPROVED this 30th day of August, 1951.

Company F Returns From Camp Monday

The last of the National Guard Company F arrived in Canyon Monday morning about 7:00 o'clock. This was the group who returned in trucks and cars.

The boys returning by train had arrived on Sunday afternoon and were all set for a Labor Day holiday. Those returning by car and truck convoy had a holiday in which

to rest and relax before starting the routine of civilian chores.

No doubt that civilian chores will be welcome by the boys after a rigorous stint of military training. The one thing that the boys will have to become used to all over again is the cooler weather we're having in Canyon. Down in Louisiana where they have been on maneuvers during the past two weeks, the temperature usually hovered about the 105 to 115 degree mark. According to reports, it was impossible to keep the perspiration

wiped off. As fast as the face was mopped, another batch of perspiration beads popped out.

The boys had a lot of hot weather at camp but they still rolled up a good record. The cooler weather of Canyon and the promise of a bumper row crop plus the excitement of autumn activities will help Company F members swing into the routine of home activities again. Then by next year another two weeks of camp will be welcomed again.

Gen. J. Lawton Collins, Staff Chief of the Army, remains convinced that the country's ground forces will be driven to build an air force of their own unless the Air Force devotes far greater attention to tactical aviation. Air Force gives only grudging attention to ground-support aviation, putting its money and effort into the more glamorous strategic-bombing projects.

Charles Wilson, Defense Mobilizer, has pressured the automobile industry to gear its Detroit factories more closely into arms business and to do less diverting of this business to plants away from Detroit's skilled workers and special tools.

4-H Club Girls Hold Contest at Court House Friday

Preparing delicious food is an art that is being taught and practiced in the vicinity of Canyon. Miss Lou Ella Patterson, home demonstration agent in charge of girls' 4-H club work, held a contest between the clubs Friday, August 31. Winners of this contest will represent Randall County at the Tri-State Fair in Amarillo. The girls entered some very good work. In fact the entries were of such high grade as to make the job of judging a difficult one. Each of the 19 girls entering had cooked two dishes. These were, whole wheat bread and cinnamon rolls.

Before noon the entries were judged and rated on a score card. Later the girls were given their score cards. Judges were Mrs. Gladys Armstrong of the home economics department at West Texas State College and Miss Edna Graham, a West Texas State College math teacher who knows how to add something delightful to a recipe. Later in the afternoon, before receiving their score cards, the girls were given slips of paper and allowed to judge each others work and check their scores against those of the official judges.

Nan Earle Shipman of the Fairview club was rated first place winner. Second place went to Glenna Stroup of the Palo Duro Club. The Pleasantview club's Helene Meyer won 3rd place. Two girls tied for 4th place. They were Mary Gladys Marshall of the Palo Duro club and Margaret Friemel of the Umbarger club.

At 2:30 the girls enjoyed a short talk on cooking by Miss Graham.

The 19 girls entering cinnamon rolls and whole wheat bread were: Glenna Stroup, Nan Earle Shipman, Helene Meyer, Mary Gladys Marshall and Margaret Friemel, Alby Ann Kuehler, Betty Hoffman, Annette Meyer, Bernice Grabber and Shirley Albracht also displayed their cooking skill by way of well cooked bread and rolls. Not to be left out in the display of culinary efforts were Mickey Burrus, Billy Bryan, Juanelle Burrus, Dorothy Cranmer and Cecilia Friemel, who had baked bread and rolls for the contest. Mickey Bryan, Doris Bourn, Gwendolyn Carter and Romilda Gerber brought to a total number of 19 4-H club girls entering the baking contest.

Dr. Jack Walker Returns to Take Place Speech Dept.

Dr. Jack Walker, who has been on leave of absence status from West Texas State College last year and this summer will return to the college faculty this fall. Two degrees from WTSC are held by Dr. Walker. He received his B. S. in 1946 and his M. A. in 1947, both from West Texas State College.

In 1947 Walker started work on his Ph. D. at the University of Denver. This work was continued in the summer of 1948 and in 1949 Walker went to the University of California at Los Angeles to complete the requirements for his Ph. D. This degree was received August 22, 1951.

Dr. Walker's dissertation was, "An Investigation of the Speech Factors Influencing the Effectiveness of College Teachers."

This summer while on leave of absence from WTSC, Dr. Walker lived with his wife, Jo, and their son Billy, age 5, in one-half a quonset hut in Denver. His wife typed his thesis and also found time during the year for skiing lessons. All these activities on the part of mama and daddy sort of left Billy to shift for himself.

Saturday, September 1, marked the date of return of Dr. Walker to West Texas State College. Moving into one of the WTSC pueblos and getting settled in Canyon all over again was a routine task for Dr. Walker. With the beginning of the fall semester he resumes his duties as a member of the Department of Speech at WTSC.

Wear Stevens Mums for football games. Stevens Floral.

S. G. Stockton Construction Co. Aids Progress

An organization of seasoned building staff, S. G. Stockton Construction Co., 2204 Crockett in Amarillo, has made an enviable reputation throughout West Texas. In the construction business success is predicated upon having the proper material, equipment and manpower always available. To accomplish this requires familiarity with the sub-contracting facilities and sources of material supply in the district.

When this business was established by S. G. Stockton, who set a high criterion and in the business operation since, there has been no deviation from that standard. Whether a contract is awarded on a fixed-fee or cost plus basis the same quality material and good workmanship goes into the building.

S. G. Stockton Construction Co. has built many of the large commercial buildings as well as public utilities and industrial plants in this area. Their high standing in the community and their willingness to co-operate with any worthwhile movement that will better this area has given S. G. Stockton and the construction company bearing his name a high place among our civic leaders and public spirited business concerns.

We want to compliment S. G. Stockton Construction Co. for the forward strides that it has taken. The work that it has done today will stand in mute testimony of its ability in the years to come and will continue to be a source of public satisfaction.

SPYING

Woman: "My husband talks in his sleep."

Doctor: "I'll give you something to quiet him."

Woman: "No, I want something to make him talk louder, I can't quite make out what he says."

FAITHFUL

"Will you still love me when my hair has turned grey?"

"Well, darling, I have stuck to you through brown, black, gold, red and platinum, haven't I?"

Small Mattress Co. Earns Credit

A foremost concern which has earned the credit of people in this trade area is Small Mattress Co., 611 Travis in Amarillo. This prominent organization features a complete service in the manufacturing and renovating of sanitary and comfortable mattresses that are conducive to restful sleep.

Felting is a specialty of this company and they make a point of giving the very best service on renovating. The plant is completely equipped with modern machines for the production of quality mattresses and inner springs of all sizes. They also convert old mattresses into box springs. This concern is giving the best of service and when you fall into bed equipped with one of their mattresses you will awake refreshed and ready for the day's work.

The management of the Small Mattress Co. has done a remarkable job and has witnessed a gradual rise in the volume of its business. Many people who have been steady customers are high in their praise and gladly give this firm "word of mouth advertising."

Small Mattress Co. is vitally interested in this area and are always glad to send a representative to discuss any of its work. A card addressed to them will bring a member of the firm to your door without obligation. This representative will go into all the details of renovating your old mattress or manufacturing a new one for you to your individual specifications.

take place with the annexation of several suburbs.

Austin's population, which went above 130,000 in the last census, is far greater today and still climbing at a rapid rate.

So fast has been the population climb that utilities and other services are hard-put to keep up with the demand.

The telephone company, for example, received a permit two years ago to raise its rates.

Since that time the company has spent \$4½ million to expand its plant. Now, the company is asking for a further increase.

Telephone company officials explain that Austin's growth is far more than anything they had anticipated, and that additional revenue is imperative to make possible the installation of more equipment.

In the residential areas, new houses are going up by the hundreds, and have been for the past several years.

Some areas that were pretty much isolated a few years ago are now well-developed, complete with community shopping centers.

These are some of the things you'll want to see the next time you come to Austin.

If you haven't been here for ten or fifteen years, you'll hardly know the place.

WHY PAT WAS OFFENDED

Pat boarded the service elevator and pushed the button. Somewhere the machinery went haywire, for the cage took off on an erratic up and down course. Up to the second floor and down again, up and down. Finally it came to an abrupt halt on the bottom.

At this point, a man on the second floor peered apprehensively down the shaft and shouted: "Hey, Pat, are ye hurt?"

Pat indignantly shouted back: "None of your darn business, sir. I passed ye twice and ye did not speak to me."

WORN ON FESTIVE OCCASIONS

Clerk — Will one collar be enough, madam?

Old Woman (Indignant) — Well such foolishness. Do you think I've got more than one husband?

Terry B. Odom Used Cars Popular

Noted as the Panhandle's most outstanding automobile dealer, Terry B. Odom, Used Cars, whose lot is at 909 Harrison in Amarillo — open evenings 'till 7:30 and Sunday, have a background of experience and their quality new and used cars, coupled with their low prices and fair dealings bring them ever increasing business. They finance all cars they sell on the spot and carry their own paper.

In purchasing a used car, confidence must be entrusted in the dealer, for few of us have the knowledge and experience necessary to value the actual worth of an automobile. Terry B. Odom's Car Lot specializes in offering one owner, low mileage, sound used cars and for this policy has won wide recognition. They also purchase their cars locally and are not driven or towed from northern markets. This policy has also won them wide recognition.

Terry B. Odom's Car Lot has established itself in the minds of automobile owners through their honest and above-board, business-like manner which has made them many friends who recommend them to others who need a good used car. We are glad to single out this prominent Amarillo automobile dealer for public mention and recommend the used car lot of Terry B. Odom to our many readers who are ready to sell you a good used car.

IN BAD SHAPE

A credit reporting agency made the following report concerning a debtor:

"We have a report that this party has no property, either real or personal; no credit, either actual or potential; no prospects, either present or future; and no hope, either here or hereafter."

POTTERY PSYCHIATRIST

A G. I. asking for a loan was asked what his business was and gave the startling answer that he was a psychiatrist in a pottery factory. Further questioning drew out the information that he took care of the cracked pots.

Bernard M. Baruch, retired industrialist: "You can overcome anything if you don't bellyache."

LOUD! She: "Doesn't a still, small voice tell you when you do wrong?" He: "No, a loud, large voice does — I'm married."

WARREN'S

Just Between You, Me, and The Gatepost

Brevity is the soul of wit, they say. There's a story to prove that people are getting more brief in what they say. It was Patrick Henry who said, "Give me liberty or give me death." His descendants have shortened this. They just say, "gimme."

Canyon's first Dollar Day and the first High School football game of the season fall on the same day. The moral of this sentence is to be sure and visit Canyon early Friday morning and stay late, late enough to see the Eagles bare their talons and scream at the Dumas Demons. In fact you'll have to keep pretty awake to enjoy the many thrilling spectacles offered by Canyon during the coming months. High School and College football will be in full tilt. The Chamber of Commerce is planning a line-up of interesting activities and very soon now you can start thinking about such exciting days as Halloween and Thanksgiving.

John McCarty says that the people of Canyon could publicize the Palo Duro State Park in such a manner as to swell their popula-

tion to 10,000. For a moment let's drift off to dreamland and see what Canyon would be like with a population of 10,000. There would be a very intricate system of traffic lights about the square. New business buildings would extend several blocks outward from the present business district to sparkle like new gems set in an old and dignified brooch. You would use a dial type telephone and there would be a four or five story modern hotel located somewhere near the civic center of town.

That hotel would be the pride and joy of Canyon. It would have a huge dining room. Not an old fashioned one done up with murals about the walls, but a modern place done up artistically as an exact replica, in miniature, of the Palo Duro Canyon to show all the colorful land marks and places of interest. This would give tourists a sort of sneak preview of the Palo Duro Canyon.

Let's see, where were we before the dreaming started? Oh yes, it was the interesting events about to take place in Canyon. The return of students to West Texas State College will place many familiar faces back on the streets. School days, Dollar Days and a heady daze of happiness is descending upon the community. Happiness because the heat of summer is fading and the cool autumn weather has augmented the energy of everyone.

As Chief of Police, John King,

R. D. Moreau Motor Co. Dependable Organization

There is no gamble in buying a used car if careful consideration is given to the reputation of the company from which the purchase is to be made. The prospective purchaser should take every precaution in order to assure himself that the firm he is dealing with has a background of experience in the business and a record for fair and honest business transactions. In this respect we are able without hesitation to recommend R. D. Moreau Motor Co. at 513 Fillmore in Amarillo.

This prominent Amarillo used car dealer has directed every effort towards satisfying the many customers and friends who have elected to make their trades and purchases through this used car lot, with the result that complete satisfaction has followed.

A reputation for absolute dependability has been the goal toward which R. D. Moreau Motor Co. has strived and in this they have made many friends and customers. They are open from 8 a. m. to 7 p. m. through the week and from 10 to 7 on Sunday. Their quality new and used cars and above-board business methods have made them used car headquarters in this area. It is appropriate that we pay tribute to R. D. Moreau Motor Co. and its popular personnel for the conduct of its business and hope for them continued success in the future.

seems to pop up just where and when needed most. Even if that need is ten miles out of town on a dark highway, King is still likely to be around. There's a nice warm feeling in having someone like that pop up, especially when you have struggled with a blown out tire for ten minutes in the dark and feel perfectly helpless. Then suddenly a splash of light is thrown on the subject and you look up into the smiling face of the Chief of Police.

The rumor is also out that King has a special talent in handling children. At least he made a great score with the kiddies the 25th of August when he gave out bubble gum and also showed the youngsters through the fingerprinting department at the sheriff's office. This bit of entertainment, in addition to the free movie arranged by the Canyon Community Recreation Program, gave the youngsters an exciting Saturday morning. The younger you can teach a person that crime does not pay, the better the situation will be for all concerned.

In the big towns chasing ambulances and fire trucks is a racket. There's no such racket in Canyon but there are persons who follow the fire trucks to the scene of the fire. These people make the fire fighters job doubly hard because when the spectators have to be watched, firemen can't give their undivided attention to fighting the fire. This means additional loss to the unfortunate person whose property is burning. Parking your car and leaving it near a fireplug is another hazard that should be watched.

The 20th of September is the day set for the Chamber of Commerce work clinic. This is the opportunity for the common, everyday citizen to give his ideas of the important practices needed for a better community. Chamber workers cannot read your mind. In order for them to do the things you want and the things you believe important, they need your reaction to various problems and work factors.

Any day now you'll probably be receiving a letter inviting you to come by Thursday, September 20, and discuss your ideas for a better Chamber of Commerce. If you're overlooked in the shuffle and don't get a letter, take this as your invitation and come on in.

There's really no secret to a smooth running, progressive Chamber of Commerce. The thing that is needed is an understanding between the people promoting the Chamber and those of the community. Your ideas are needed. Your criticism is also needed at times. When you have an idea, sit down and write the manager of the Chamber of Commerce. When you have a criticism, either good or bad, let him know that too. In doing this you can reach a better understanding and have a better Chamber of Commerce. Remember to attend the work clinic, which doesn't mean that you have to work. It's Thursday, September 20, in Canyon.

Oh, the clerk's life is a rugged life, a rugged life to lead. You know one of the biggest gripes of an ordinary clerk in an ordinary store is the little annoying things. For instance, if the clerk is half way to the rear of the store putting up new stock or re-arranging the present stock and a customer comes in, the clerk lays aside the task and goes up front. When asked if he needs help the customer merely smiles and says, "just looking." It's like the Christmas joke when you have your arms loaded with gifts of all kinds and meet a friend on

the street. The friend never fails to ask for a match.

How Canyon managed to be placed upon its present location was answered in typical fashion a short while back. It happened like this. Two young fellers were walking up the street. One of them stopped for a moment, scuffed his worn boot along the concrete pavement and looked up to his buddy and said, "no wonder they put a town here. This ground is so hard it wouldn't even grow cockleburrs."

Adam Clayton Powell, Jr., Member of Congress from New York: "The United Nations is drifting toward a negative policy of defense."

Flor-Ever

Vinylite PLASTIC FLOOR COVERING

CUTS CLEANING CARE up to 40%

It's the big news of Flor-Ever. It's NON-POROUS — hence dirt and grime can't penetrate the Vinylite Plastic.

Flor-Ever simply dares you to stain or discolor it . . . even with harsh cleansers, lye or alkali. And you'll never rub off its beautiful colors—they're part of the Vinylite.

The magical NON-POROUS floor!

GOOD NEWS, LADIES! Flor-Ever gives you more than new, breath-taking beauty. It "sparkles ever" with less cleaning, less scrubbing, less waxing than you ever dreamed possible, and offers every advantage hubby wants—lasts longer than standard linoleum — costs no more. And that's all GUARANTEED in writing!

Come in and see Flor-Ever today—Let us show you the magnificent colors—the infinite number of patterns and color schemes made possible by 6-foot widths and tiles.

BURROW LUMBER COMPANY

September sounds are thrilling;
They say so much that's gay—
Rustling leaves tomorrow,
Freshening winds today.

The sounds have happy stories,
Some shy, and some are bold;
But, school bells tell the oldest,
Saddest story ever told.

Scarlet Fever Is Still Menace to Children of State

"Scarlet fever still continues to be a menace to children," said Dr. Geo. W. Cox, State Health Officer, in discussing diseases common to children. "Many cases are slight, but they may infect others who may become seriously ill. It is treacherous and undesirable, and the only good thing about it is that if one can avoid it until grown, the chances of never getting it are excellent."

"Scarlet fever is spread by the transfer of the infection in the discharges of nose and throat, ears, or abscesses of persons ill with the disease and those who are carriers of the infection. The handling of articles soiled by the patient may cause the disease."

"Children under ten years of age are usually susceptible to scarlet fever. Children becoming suddenly ill with fever, sore throat, vomiting and showing a fine red rash, should have medical attention and be immediately quarantined to prevent the spread of this disease. The appearance of scarlet fever in the home should be immediately followed by a rigid quarantine for at least three weeks. The public should be warned against exposing young children to those exhibiting acute catarrhal symptoms of any kind."

Take no chances — be on the safe side."

Hospital Operated by and for Humans with Large Staff Present

Your hospital is much more than just a building equipped with modern scientific equipment. Your hospital is people — the finest in your town. Only the finest will do. Only the best people can be counted on to help you fight the battle for health in your community.

Everyone who serves in your hospital is specially chosen—for intelligence, for skill, for loyalty. From the board of directors to the newest employee, each member of the hospital family has deep interest in serving you in your time of need.

That's the reason you'll find that at your hospital human kindness and great miracles of science go hand-in-hand. The services of the hospital family—the hospital team—restore health, courage and hope to patients and help protect the entire community.

If you've ever been a patient — one out of eight people enter a

hospital every year! — or have visited a friend who was one, you've had a chance to meet some of the members of this important hospital family. You've been able to learn at first hand why we say "hospitals are people."

There are so many other members of the hospital family beside the doctors and the nurses that you should know. For when you are a patient, these other members of the hospital team will help your doctor bring all the skills of medical science to work for you in your recovery.

When you are admitted to the hospital as a patient certain questions are asked of you. A great majority of these questions are required by the State and Federal Health Departments for statistical purposes. Other questions are necessary for your medical record which the hospital keeps for many years and which is used when and if you must be re-admitted at some time in the future.

When you are a patient, the nurses and nurses' aides serve your needs in giving you the nursing care you require. The laboratory technicians exacting and painstaking work helps the physician diagnose your condition. Your diet is most important. Proper nutrition and speedy convalescence are closely related. Every meal, prepared according to your doctor's direction, will reflect the handiwork of some specialist in the dietary department and kitchen.

Other prominent members of the hospital family include the housekeepers, who assure cleanliness, the laundry workers who handle all your linens, and the maintenance people who keep the air conditioning operating in the summer time and the heating units during the colder weather.

Every minute that you're in the hospital, the time of two members of this family is directly and indirectly devoted to your well being.

You and your family, as well as other members of the community, used hospitals' facilities, services and equipment to this extent last year: Nearly three million babies were born in hospitals, three out of four babies born in the United States were born in hospitals.

Each patient stayed in the hospital an average of eight and one-half days. Ten years ago, he would have remained thirteen or more days.

Yes, your hospital, Neblett Hospital, is people. These people constitute the hospital family. They stand by faithful, loyal, constant, ready at all times to meet your needs, whenever they arise, whatever may occur, twenty-four hours of each and every day.

The hospital family is the team that works together to serve you in what may be the most critical time of your life. They're on hand to see you through your illness — to hasten your recovery.

Yes, hospitals are people ! ! !

RANDALL COUNTY H. D. COUNCIL MET SATURDAY

The Randall County Home Demonstration Council met Saturday, September 1, in the Club Room at the courthouse with twenty-six members present.

Mrs. Purcell, exhibit chairman, urged each club to bring as many entries as possible to the county exhibit September 21 at the Lindsey Motor Company. Judging will be at 11:00 o'clock and only baking and clothing will be judged, but any article can be exhibited. The committee will be responsible for getting judged articles to the Tri-State Fair.

4-H club girls will participate in the clothing exhibit.

CARD OF THANKS

We would like to take this opportunity to express our thanks for the many kindnesses and floral offerings extended to us during the sudden death of Ray Needham, our beloved one.

May God share his richest blessings upon you.

Mr. and Mrs. Russel Thompson
Billy Needham

ANNOUNCEMENT

On Thursday, September 13, a meeting of the Woman's Palo Duro Bowling League will be held at the Bowling Alley. The purpose of the meeting will be to elect officers for the new year. Everyone interested, please be present.

Mr. and Mrs. Vearl Iverson and F. S. Gray of Copperas Cove, Tex., father of Mrs. Iverson who had spent the summer with them, spent the week-end in Copperas Cove with Mr. and Mrs. Clyde Dryden. Major and Mrs. James T. Gray and family of Ellington Field, near Houston, met them there for the week-end.

Sunday guests in the home of Mrs. Mary Burtz were Mr. and Mrs. C. W. Fowell of Lubbock, Mr. and Mrs. Earl Burtz and Mrs. Clifford Burtz of Canyon, Mr. and Mrs. W. H. Bailey of Amarillo and Mr. and Mrs. Tommie Petropoulos of Amarillo.

Mr. and Mrs. Ray Metcalf and children just returned from a visit to Osage City, Kansas, to visit the John Bryan family, formerly of Canyon. They also visited in El Dorado Springs, Colorado.

Glenn W. Dowlen, Jr. has returned from Austin where he was a student in the University of Texas School of Music. He will return for the opening of the new session September 15.

Barbour Bros. Leaders in Butane Field

With the ever-increasing demand for butane and propane gas for home, agricultural and industrial use, Barbour Bros., 1020 N. W. 2nd in Tulsa have made a most enviable record. They keep abreast with the times and have equipped themselves with the latest type trucks for safe, speedy delivery. The percentage of users of butane gas for agriculture and irrigation purposes served by Barbour Bros. is probably the highest in the district because they can be depended upon to "Put It Where You Want It—When You Want It."

Van and Ray Barbour have seen to it that they handle the very top lines of appliances, such as WESTERN HOLLY Ranges, Hotstream Water Heaters, ENSIGN Carburetors and tanks. Barbour Bros. will gladly consult with you and furnish cost estimates on complete butane system installations. They render shop and field service on ENSIGN Carburetors.

Complete customer satisfaction is the goal to which Barbour Bros. have strived, coupled with their high standards, quality products and progressive business policies have done much to aid in the advancement of the agricultural interests of this area. They are indeed leaders in their field and merit the goodwill and patronage of users of butane and propane gases throughout Swisher and Randall Counties. We are glad in this review edition of our paper to recommend to our many readers and wish them continued success in the years to come.

FIRST BAPTIST W. M. U. ELECTION HELD RECENTLY

Mrs. Crews Henry will again head the Women's Missionary Union of the First Baptist Church for the coming year. Also chosen to serve in the election Tuesday were: Mrs. Harry Ford, young people; Mrs. Virgil Henson, recording secretary; and Mrs. W. O. Nunley, corresponding secretary and treasurer.

Circle chairmen will be Mrs. C. F. Rogers, Mrs. Marvin McBroom, Mrs. Bill Money, Mrs. R. C. Yarbrough, Mrs. A. B. Russell, and Mrs. Louis K. Bolton.

"Mighty Movements in South America" was the topic for the Royal Service Program Tuesday afternoon. Mrs. W. T. Davis was in charge, and Mrs. Dallas Milner gave the devotion with Mrs. T. T. Fain reading the scripture. Special selections were given by a quartet composed of Mrs. T. H. Knighton, Mrs. Ed Phillips, Mrs. John Boling and Mrs. W. O. Nunley.

Presenting parts on the program were Mrs. Costley, Mrs. Ford, Mrs. Money, and Mrs. Rogers.

CARD OF THANKS

We gratefully acknowledge the ministrations of the people of Canyon and elsewhere so nobly extended to us during our trial of sorrow.

Mrs. C. L. Neelley and family

Canyon Boys Report On Boys State at Rotary Luncheon

Richard Sanders and Harold Slack reported to the Rotary Club Tuesday on their recent trip to Boys State, which was held in Austin. Five hundred boys from over Texas gathered for a week of intensive study of their local and state government.

Harold was elected a member of the House of Representatives, while Richard served as city clerk in one city and assistant attorney general in Boys State.

Each boy present was elected to a position of responsibility in the state government and performed their duties while in Austin.

The American Legion started this movement several years ago. Forty-five states adopted the scheme of introducing local government to the boys. The governor and lieutenant governor were selected to present Texas at the National Boys gathering, held in Washington, D. C.

Two political parties were organized, called the Pioneers and the Longhorns. Hot political races were staged by each party.

One criminal trial was held. State officials spoke to the boys about their duties and responsibilities as citizens.

Visitors were: E. R. Blair, Jr., J. E. Bowman, Tom Cartwright, A. F. Cox, all of Amarillo; Judge Burney Slack, Dan F. Sanders, Sterling Cummings, Bert Mathis, Emmitt Smith, T. V. Crouse, all of Canyon; and Dr. Howard Batchelder of the University of Indiana, who is here this week conducting a workshop for teachers. Dr. Batchelder brought greetings from his brother, Dr. C. W. Batchelder, who was former head of the Speech Department of West Texas State.

C. L. Thompson was in charge of the program. The movement in Randall county is sponsored jointly by the American Legion, The Rotary Club and the Lions Club.

Mrs. Buren Fowell and daughter spent the week-end with their mother and grandmother, Mrs. Mary Burtz.

Wear Stevens Mums for football games. Stevens Floral.

Build, Buy, Live in Canyon!

Youngs Rank High As Builders

No review of the progress of the Panhandle would be complete without mention of Cecil R. Young Construction Co. Inc., located at 5715 W. 9th in Amarillo (across from Veterans Hospital) who has built some of the better homes in this area, including the homes in West Hills which is one of the outstanding developments in Amarillo. The two sons of Cecil R. Young, Jack and Cecil Jr., are also contractors and also have earned an enviable reputation in the construction field. Jack Young entered the construction business at the age of 16 and Cecil R. Young Jr., who formerly was a teacher at Horace Mann School is the head of C. & Y. Masonry Construction Co.

The reason for the success of the Youngs in the building business is, first, their open and above-board business policies, coupled with the fact that they use only the very best of materials and employ only fully experienced and efficient construction crews and, second, they have the necessary "Know How" to get the job done because they give it their personal supervision and follow the architects' plans to the letter. Because of these outstanding features it is little wonder that the name of Cecil R. Young and his sons, Jack and Cecil Jr., rank high in the construction field in the Panhandle and their services are in such demand.

To the efforts of these progressive and popular builders of better homes in every price field it is most fitting that we compliment them on their accomplishments and recommend them to our many readers. They have made a substantial contribution to the development of this rich area and we hope for them continued success in the years ahead.

CARD OF THANKS

To the People of Canyon: We wish to express our sincere thanks for the kindness, sympathy and beautiful floral offering during the time of our bereavement.

Build, Buy, Live in Canyon!

This week I give you the following from the Hungarian Observer, published by the Hungarian National Council, 339 East 52nd Street, New York 22, New York.

THE RUSSIANS REQUISITION CHILDREN IN HUNGARY: In olden times the Ottoman Empire used to kidnap children from occupied countries, take them to Turkey, and there train them as Janissaries in the service of world conquest. These boys, trained as ruthless warriors, gradually forgot their mother tongue, their nationality and even their names. By the time they grew up, they would not have recognized their own parents, so completely were they changed and Mohammedanized.

This is what Communists are doing on Soviet-occupied territory in Eastern and Central Europe. They first tried the system in Greece. There Communist bands abducted Greek children to Communist states, seeking to make them forget their origin and train them

to become fanatic Communists.

THE "SOCIALIZATION" OF CHILDREN: According to latest reports, this method has been extended to Hungary. The Times of London was first to report that in the course of the Budapest deportations

"in many cases children are taken from their parents in order that they shall receive a thorough education in Communist principles."

Then Hungaria (Hungarian paper of Munich) reported that children snatched from deportees are taken to staterun orphan asylums and apprentice homes, which are simply institutions for the training of Janissaries. People who try to flee the country with their children are arrested. Their children are taken from them and "socialized."

THE WEEKLY DIGEST OF NEWS FROM HUNGARY (issued by the Hungarian Research Division of the National Committee for a Free Europe) further informs us that

"In mid-June new rumors spread like wildfire among the evictees: the segregation of children under 14 years of age, and the transporting of certain groups to the Soviet Union. It is a fact that children who cannot be used for factory work are mostly separated from their parents and put into lower grade technical training schools controlled by the Communist authorities. . . . The conception of the family will become a thing unknown."

A report has also been received from SERVICE LIBRE "Rideau de Fer" (Iron Curtain Free Press Service, a Paris news agency run by Hungarian emigres) to the effect that passersby have come across a 2 and a 4 year-old child wandering in the streets of Budapest. They had tags around their necks with texts like the following: "I shall never see these children again. I

have just packed my bundle and am waiting for them to take me away." Signed: "The grandmother of these two little ones."

LITTLE LOUIS IS BOUGHT FOR 2000 FORINTS: This is the background of the tale of horrors, imparted by Samedi-Soir of Paris, in whose columns Mrs. Stephen Nagy, nee Julia Kovacs, a 48-year-old woman who fled from Hungary, relates the following: She lived at Ujpest, an industrial suburb of Budapest. Her husband having died two years ago, she supported her two-year-old son, Louis, on her factory earnings. Recently, Soviet-style women's divisions were set up in the Army. And it was decreed that the children of drafted women would be "bought" by the state. The factory where this woman worked was ordered to designate fifteen women workers for army service. Since she had not surpassed the notorious "norms," the Communist factory manager put her on the list. Mrs. Nagy, informed she was to serve in the first women's regiment of the third battalion, was ordered to report before induction to the Rakosi Children's Home with her two-year-old son. Here they told her she must surrender the child to the state that he might be "suitably educated." The state would "redeem" her child for 2000 forint (at the official rate this would be two hundred dollars; in the black market, forty dollars.) They handed her an official transcript of the transaction, tearing her child forcibly from her arms despite her desperate appeals. The woman fled to Austria, bearing with her the official "receipt," which is published by the Paris paper in facsimile. This is the English translation: (The published photo shows a type-written form on which the data in italics was filled in by hand.)

RECEIPT "The Rakosi Children's Home hereby certifies that Mrs. Stephen Nagy, nee Julia Kovacs, a volunteer of the First Women's Brigade of the People's Army, has this day relinquished to the state her two year old son, Louis, for the sum of 2000 forint. She thereby gives up all parental rights, transferring the latter to the Rakosi Children's Home. May 31, 1951, Csepel, The Rakosi Children's Home, Superintendent's Office, (Illegible Signature)"

The woman also relates that Communist authorities seek, through their "redemption" plan, to encourage young women to bear children out of wedlock and then "sell" them to the state. This, too, is in the interest of increased production, specifically "child production."

Wood-Webb Lumber Co. to Malcolm Nicholson, lot no. 15 in block no. 3-B.

LOT OF TRUTH TO THIS

A man went to the doctor's office was somewhat surprised when the nurse told him to step in the next room and remove his clothes.

"But nurse," he started in a hoarse whisper, "it's my throat."

"Please do as I tell you," snapped the nurse, "or I shall be forced to cancel your appointment."

So, shrugging his shoulders, he went into the next room and there sat a young fellow who was looking very uncomfortable and quite naked except for a large parcel he held across his knees.

"Doesn't that beat everything?" said the man removing his coat, "I come in here with a sore throat and I have to take my clothes off."

"What are you beefing about?" was the reply, "I just came in here to deliver this parcel!"

LEARNING FROM GRANNY

A certain grandson of Queen Victoria, when a freshman at Oxford, had spent all of his allowances and, what is worse, gone ten pounds in debt.

He appealed to his royal grandmother, asking her for an advance on future remittances. He didn't get it. Instead, he received a lengthy letter from that austere lady containing some reproof and much, much advice.

In due course, the young man replied to this. He had, he said, decided to heed everything his grandmother had to say about conservation and thrift and had, in fact, already begun by selling the original of her letter to a collector for twenty-five pounds.

The President is annoyed to find that he is called upon to settle squabbles between rival groups within the Democratic Party seeking to gain control of war plants that may develop into big and profitable enterprises. An inner political struggle still is going on about some big German enterprises taken over during the war.

W. H. Cooper & Sons Popular Builders

Throughout the Panhandle there is no contracting concern more worthy of mention in these columns than W. H. Cooper and Sons, 3501 Fillmore in Amarillo. This popular contractor has a reputation for taking great pride in the modern homes that they build and leave nothing undone which will keep them from holding a conspicuous place in the community. They also build commercial, public and industrial buildings. They have their own planning mill and manufacture all types of cabinets and millwork.

Only expert building craftsmen are employed, who carry out instructions to the letter, using only the very highest quality lumber and other building materials. For these reasons it is little wonder that the name of W. H. Cooper and Sons ranks high in the construction field in the Panhandle and their services are in such demand.

To the efforts of this progressive and popular building contractor of Amarillo many of the better residences and commercial buildings are due. It is most fitting therefore that we include in this review edition of our paper the name of W. H. Cooper and his two sons who are associated with him in the business—E. E. "Tut" Cooper and Joe H. Cooper and to wish for them many years of continued successful operation in their chosen field. Should any of our readers be in need of a reliable contracting firm they could do no better than contact W. H. Cooper & Sons who will gladly advise with them on their building requirements and make cost estimates without obligation on your part.

STEEL IMPORTS

The United States, the world's largest steel producer, is importing steel from Western Europe at a rate 1,000 per cent above that of last October, according to the National Production Authority. Actual shipments—which increased from 250,000 tons a year to a rate of 2,500,000 tons yearly—are small in terms of United States production, however.

U. S. Commerce Department: "Americans averaged an income of \$1,436 for each man, woman and child in 1950."

Caldwell reports no U. S. city is prepared for attack.

P. C. C. asks ban on interstate transmission of gambling data.

Shotguns must be permanently plugged to three shell capacity.

Shotguns may not be larger than 10 gauge.

GAME SANCTUARY

TEXAS GAME AND FISH COMMISSION

Megert Piano Co. Tops in Their Field

Over this entire trade area when pianos, or any kind of musical instrument is mentioned, Megert Piano Co., 605 Taylor in Amarillo, is always thought of, because they have established themselves as "Music Headquarters" for our territory. This popular Amarillo music house features KIMBALL and LESTER Pianos, and a complete line of string, band and percussion instruments. They are Panhandle distributors for CONN Band Instruments—the "Choice of the Artists—Choice of the Champions—Choice of Discriminating Musicians." They also feature "Star Performance" HOLTON Band Instruments.

The schools throughout West Texas have always regarded Megert Piano Co. as a most reliable source for their band instruments. Miss Myma Satterfield, musical consultant, travels the Panhandle to personally see to it that the schools and individuals are given every consideration in their selection of instruments. R. L. Jent, manager, is available to those who wish to purchase a piano or any other type of instrument, and also extends liberal credit terms so that you can "Learn to Play While You Pay."

We know of no other concern in this section that has contributed more to the cultural and musical development of our children and young people than Megert Piano Co. in Amarillo and for this reason they are leaders in the musical field and to those of our readers who are not acquainted with this popular concern, we suggest that you go in and see their large stock of pianos and band and orchestra instruments, you too will like this friendly music store and become one of their many satisfied customers.

P. O. W. LETTER FORM

The Government has prepared a form for use by families trying to communicate with relatives who are prisoners-of-war in Korea or Communist China. The form to be used requires the name, rank and serial number of the supposed prisoner. Letters must be addressed "Care of the Chinese People's Committee for World Peace, Peking, China." No postage is required, but the words "Prisoner of War Mail" must be written in the upper right corner of the envelope. The return address should be in the upper left corner. While delivery is not guaranteed, letters may be dropped in any United States mail box.

WOMEN SPECIALISTS

The U. S. Airforce is asking for 320 women medical specialists—dietitians, occupational therapists and physical therapists, according to Maj.-Gen. Harry G. Armstrong, Air Force Surgeon-General, who said the successful applicants would be commissioned automatically as reserve officers and trained to qualify as regular officers.

European Payments Union shows drop of Germany's deficit.

National Grange head urges steps to stem cotton price dip.

GI STUDENTS

During the last seven years 8,000,000 veterans attended schools or colleges under government subsidy at a cost of \$14,000,000,000. Tuition alone cost the government more than \$3,500,000. At the peak, in

1947, more than 1,000,000 veterans crowded the campuses of the nation, getting free tuition and subsistence grants. About 500,000 service men are still going to college, although the number is dwindling rapidly.

Fastest Selling 1½ Ton Truck in America!

Availability of equipment, accessories and trim as illustrated is dependent upon material supply conditions.

...Now yours with

POWER PILOT ECONOMY!

At no extra cost, you get the gas-saving Power Pilot that helped set such low running-cost records in the nationwide Ford Truck Economy Run!

ONLY THE FORD F-5 GIVES YOU ALL THESE VALUE FEATURES

- Body and payload capacity—up to 10,000 lbs.
- Choice of V-8 or 6-cylinder truck engines.
- Ford Power Pilot for most power from least gas.
- Choice of two new cabs for top driving ease.
- Choice of three wheelbase lengths.
- Single-speed or (at added cost) 2-speed rear axles.
- Sturdy Double Channel frame (except 134" wh.) for great strength at minimum weight.
- Long-lived 4-speed spur gear or (at added cost) 4-speed Synchro-Silent transmissions.
- Powerful hydraulic truck brakes—302 sq. in. lining area. (Vacuum booster available.)
- Removable brake drums for easy maintenance.
- Positive-acting 11" Gyro-Grip clutch.
- Roll-action steering with automatic tie rods.

If you've got tough heavy-duty hauling to do—and a budget that must be handled with care—then the Ford F-5 is your truck! F-5 ruggedness assures the longer life Ford Trucks are famous for. And the F-5,

like all Ford Trucks, has the POWER PILOT which gives you most power from least gas! Only Ford in the low-price field has the Power Pilot.

You get a power choice of V-8 or Six according to your needs. Choice of three wheelbases. Choice of two smart new cabs, the 5-STAR and; at slight added cost, the 5-STAR EXTRA (shown) for extra convenience and efficiency!

FOR EVEN BIGGER LOADS

...the Ford F-5 134-inch chassis-cab is ideal for tractor service. G.T.W. up to 24,000 lbs. With 100-h.p. V-8 and 6.67 standard axle ratio, calculated top road speed is 47 m.p.h.

FORD TRUCKING COSTS LESS

because FORD TRUCKS LAST LONGER
Using latest registration data on 7,318,000 trucks, life insurance experts prove Ford Trucks last longer!
